

Seeking Add-on Acquisitions

Newport Partners is aggressively seeking add-on acquisitions in the Confectionary and Snack Manufacturing sectors as part of its recent platform acquisition.

We will consider all US-based targets with EBITDA between \$500K - \$2M.

We will also consider smaller and/or larger targets with a compelling narrative and/or high strategic fit.

We're easy to work with, and we won't waste your time. On this project, Newport Partners brings over three decades of dealmaking expertise, and has a very seasoned food manufacturing operator, and an experienced and easy-to-get-along-with PE partner; therefore, we can review and execute quickly.

If you have an opportunity in these sectors to discuss, contact: Joe DiPietro, Managing Partner, joe.dipietro@newportpartnersinc.com
