

Global Supplements Retailer

On behalf of a Chicago-based investment group, Newport Partners was engaged to source a unique global e-commerce business with revenue in excess of \$10,000,000 and world-wide sales.

After an exhaustive search across the US, a Michigan company was identified by Newport Partners that fit the buyout thesis of the client.

Newport Partners then led and shepherded the negotiations, due diligence, funding, legal documentation, and successful closing of this transaction.

For additional information on how Newport Partners can help your company source and acquire your target acquisitions, please contact Joe DiPietro.
